The screenshot displays the Mendeley Reference Manager software interface. On the left, a sidebar contains a menu with the option '+ Add references' highlighted by a yellow box. A yellow arrow points from this menu to the 'Import file(s)' option. The main window shows a table of references with columns for Authors, Year, and Title. The right sidebar displays the details of a selected journal article, 'Reversible regulation of enzyme-like activity of molybdenum disulfide quantum dots for colorimetric pharmaceutical analysis', with fields for Author(s), Year, Month, Day, Issue, Journal, Language, Page(s), Translator(s), and Volume. The 'Identifiers & Access' section at the bottom right shows the DOI, ArXiv ID, and PMID.
